

E-449

## Converging Shoulder Press

E-449 ↗

### Description:

- Converging motion better replicates free weight movements.
- Independent lever arms provide balanced results.
- Spring assisted linkage arms allow users to select desired range of motion.
- Multiple handgrips accommodate neutral and pronated hand positions.
- Standard weight storage horns eliminate need for separate weight trees.

### Specifications :

- Width : 60"(152cm)
- Height : 52"(132 cm)
- Length : 55"(140 cm)
- Weight : 270 lb (122 kg)
